

LB 30A, 180, 180A,
310, 454

February 3, 1976

PRESIDENT: You have done that now. Proceed, Mr. Clerk.

(Recording machine turned off for Final Reading of LB 30A, 180, 180A and 310.)

PRESIDENT: We are of the opinion that since nothing has been done with this bill except that it has been frightened pretty badly that it could be reconsidered at this time without reading again since it has already been read. So the question from the Chair is, what do you want to do with LB 310? All right. All provisions of law relative to procedure having been complied with, the question is, shall LB 310 pass on Final Reading? Record your vote. Record.

CLERK: Record vote read. See page 517, Journal. Mr. President, 31 ayes, 16 nays and 2 not voting.

PRESIDENT: LB 310 passes. The Chair recognizes Senator... we are ready to consider LB 454. The Chair recognizes Senator Clark.

SENATOR CLARK: Mr. President and the body, I have just been alerted by the fiscal office that this bill should have an "A" bill with it. They tell me one has been prepared but it has never been introduced and certainly there is an impact here of \$1,685,000 on the "A" bill that is in your bill book and I don't see how we can possibly read the bill until we get an "A" bill introduced on this, spending this kind of money. We certainly need an "A" bill. So I would suggest we hold this bill over until an "A" bill has been introduced to offset the expenditure.

PRESIDENT: Who is the introducer of the bill, Mr. Clerk?

CLERK: Senator Fitzgerald, Mr. President.

PRESIDENT: Would it be your opinion that this does have a fiscal impact, Senator?

SENATOR FITZGERALD: It has my name on it only. It is Mr. Cavanaugh's.

SENATOR CAVANAUGH: I didn't hear that. He said the bill was his and the "A" bill was mine.

PRESIDENT: He said it was a marriage in name only, I think. There doesn't appear to be any objection from the introducer, Senator Clark, so we must assume that there is a fiscal impact and the bill will be held over, then.

CLERK: Senator Clark has a motion, Mr. President, and that is to hold LB 454 until an "A" bill is introduced.

PRESIDENT: I don't think we need to pass a motion. If that is brought to the attention of the Legislature, then it has
